

Your complimentary rounds for 2005 - 06 - As was the case last year, your membership includes 1 complimentary off-season round at the Bay Course and 1 complimentary round at the Ridge Course. These have traditionally been issued as paper passes in the past and have been known to go missing in the trash, taken by aliens, or be eaten by a pet. This year the passes will be issued to you as Member Reward Points on your account. Your account has been credited with 12,000 points and these points are very easily redeemable based on the following schedule:

Off-season 18 hole round @ The Bay	10000
9 hole round @ The Ridge	2000

You are free to use your points however you see fit. The above is an example of how your points could be used. Do bear in mind that if you chose to use your points towards 2 Ridge Course games, your balance will not be sufficient to qualify for a round at the Bay Course. Your points are also eligible to be redeemed on guest green fees, provided you are here in person and authorize the use of your points.
