

PARC

cordova bay ridge course

We are very excited to launch the new PARC program at the Ridge Course for 2020.

What is the PARC program?

The program is designed to provide PARC members the right venue, tools, and education to improve their short game ... ultimately lowering scores.

The practice facility boasts an 18-hole grass putting course, chipping green, pitching green, and newly renovated practice bunker. For 2020, Callaway pro practice balls will be available to all PARC members for their practice sessions. The updated facilities and tools will ensure we create an environment that better allows us to practice the shots we see on course.

PARC members will see the addition of 10 specific stations designed to test your abilities. These stations cover all of the bases that form the foundation of a great short game. Each station will have detailed instruction as to how you can both test and improve your abilities. Players can choose to tailor their practice to the shots laid out by station or enjoy the entire facility to hone the skills their coach has prescribed.

PARC testing scorecards will be available to all members in the Ridge Pro Shop for those choosing to test their skill. The benefit of scoring your sessions, is that we will manage a short game handicap for you. As in the case with your Golf Canada handicap, this PARC system will allow you to track your progress and celebrate your achievements through the year. PARC member handicaps will be updated weekly.

The beauty of the facility and our program is that there are opportunities to practice, play, and improve each and every day!

Why join?

You love golf and you know you can play better! You will be part of a group of like-minded players looking to enjoy the beauty of the Ridge and the challenge of better golf. PARC membership will offer previously facility benefits but also offers additional opportunities and benefits.

We plan to host a couple of 'fun' tournaments, special putter and wedge fitting days, along with series of educational sessions (schedule to be posted April 2020) hosted by PGA coaches Doug Mahovlic and Nate Ollis through the season. Access to all events is exclusive to, and included at no cost to all PARC members.

PARC
