

## That's a Wrap!

### Captain's Farewell Message

Well, it's been quite a year - it seems like just yesterday, but also oh so long ago since our course closed for 6 weeks, and then reopened to our Covid reality. Given the circumstances, our ladies club has had an extremely successful year - if nothing else, what was there to do but golf with friends, and find at least some social time. **Thank goodness for golf** is a sentiment I heard through out the season.

As my final message, here's a bit of a recap of some of the changes we saw:

- First off, we had to get used to the new handicap system - you know, putting in scores hole by hole, and figuring out what "net double bogey" meant for maximum hole scores.
- Then we had our new tee boxes to try out. It's been a great addition to be able to select where you want to play from on any given day. A few added layers of making sure you marked your score cards accordingly on Ladies Day, but you figured that out.
- And what about Golf Genius - we went through a few hiccups getting used to the GG way of doing things - but overall it turned out to be a real benefit for booking your games, showing tee sheets and keeping us up to date with the various competitions such as Eclectic and Fosters Cup.
- We had fewer events, but we had record attendance for all of them. From the Summer Solstice, with 150 participants to the Club Championships with 72 competitors, you were out there competing and having fun in full force.
- Another change was having a Rules Chair - thanks to Sue Ovans for volunteering to take this on, and doing such a great job keeping us up to date with rules information in the Chatterbox.
- One change the executive undertook was to rename the Black and White Tournament - in 2021 this will be called the Captains' Tournament.
- The Fosters Cup was opened to as many members as wanted to sign up. While this did mean some byes during the competition, overall it allowed more ladies to try out competitive match play. If this is how the Fosters Cup is run next year, I would encourage you to sign up - the more the merrier, and it's a great way to have a friendly match on your home course.
- We had a new Teams Event that ran for 6 weeks, and provided motivation to play your best shots right until the end of the season. The Margaret Todd (Blue) team led going into the final event, and held the lead to win the overall prize. Congratulations Team Todd! Winning team members are listed [HERE](#) and have a prize awaiting them in the pro shop.
- In addition, a member survey was undertaken at the end of the season, and while there hasn't yet been time to review the results in detail, there was great response with 99 ladies participating and overall members were pleased with how the year went. The responses provided information that will be useful to the incoming executive. Thanks to all of you for taking the time to complete the survey.

Finally I'd like to say a big load of thank yous - to the executive, who stepped up to operate in new ways (you know, all those Zoom meetings! and REALLY getting to know Golf Genius), to the CB staff who provided a steady hand and friendly faces through all the changes, to Emily and her gardening co-workers who did such an exemplary job at providing bouquets for our fundraising through out the season, and to the restaurant staff whose job was made that much more difficult - having to keep us from socializing as much as we would have liked to, after our round of golf. And finally a big thank you to you, the members for your enthusiasm and support.

It's been an amazing year for me, that has literally "zoomed" by. I thank you for the honor of being your captain, it's been a privilege. I look forward to 2021 - however our season unfolds, I know Cordova Bay Ladies will make the most of it. Remember to play calm, play kind and play safe.

## RULES - Winter Golf

It's that time of year again. We will be getting out rain pants and jackets and boots for the wetter, cooler weather! There are rules of golf that help in wet conditions. And there are also some local rules that we play by at Cordova Bay.

First, some definitions:

### **Temporary Water**

Any temporary accumulation of water on the surface on the ground that is not in a penalty area and can be seen before or after a player takes her stance.

### **General Area**

The area of the course that covers all of the course except for the teeing area of the hole being played, all penalty areas, all bunkers, and the putting green of the hole being played.

If you are playing in wet weather and your ball is sitting in temporary water or you are standing in it, you can take relief with no penalty. You find the spot of complete relief no nearer the hole and **drop** within a club length.

If your ball is sitting in water in a bunker, you can take free relief by, again, finding your spot of complete relief no nearer the hole and **dropping** (in the bunker).

If your ball is on the putting green and there is temporary water between it and the hole find the nearest spot of complete relief no nearer the hole and **place** your ball on that spot.

The above are all Rules of Golf and found under rule 16. This means that they are in play all year.

Also, in the winter, at the discretion of the course, we play "winter rules" also called preferred lies or lift, clean, and place. There is generally a sign at the first tee or the starter may tell you it is in effect.

This means that you may mark your ball, then pick it up, clean it, and place it within 6 inches of the marked spot. This is in play in the general area as defined above.

You likely have seen the email from Cordova Bay regarding the use of mats during the cold, wet months. These will be mandatory at some point this winter.

In BC, our inactive season, for handicapping purposes, starts November 15. Preferred lies may start before that. And, at the course's request, I ask you to please **continue to post your scores through the winter**.

Happy Winter Golfing!

## 2020 LADIES CLUB CHARITY

### Shelbourne Community Kitchen

#### CHARITY FUNDRAISING - The Shelbourne Community Kitchen

Kim Cummins, the Program Director of the Shelbourne Community Kitchen attended our AGM Zoom meeting and spoke about the kind of programs and services the organization provides, after which she was virtually presented with our fundraising amounts. The Ladies Club raised raised \$3,077 through the 50/50 draws held over the golf season and Emily raised \$2,195.67 through flower sales, for a total of over \$5,000! Awesome! In addition, Emily donated surplus food harvest from the Club's gardens to the Kitchen. Kim was thrilled and very grateful to the fundraising efforts of the golf course. A huge thank you to all for your generosity!

To find out more about the worthwhile organization, read the [attached brochure](#) or visit their [website](#)

See you all for the 2021 Ladies Club season!
