LADIES CLUB CHAMPIONSHIP 2020

CLUB CHAMPIONSHIP

Well, it was truly a different Club Championship event this year. In addition to the now “normal” Covid restrictions, players contended with a heavy haze of wildfire smoke on both days of play. Nonetheless, a determined field of 72 players braved the elements. The tee gift with the CB face mask was especially appreciated, given the circumstances. It was gratifying to have a larger field than in the past few years - thank you to everyone for signing up and enjoying some friendly competition.

While we couldn't gather around the 18th tee to cheer the finals groups in, many players were present in the patio area to applaud our winners. Again this year the Low Gross Award goes to Penny Baziuk- who continues to impress with her consistent stellar play. She shot 77 and 74 for a total of 151. Denise Walker kept the pressure on, with scores of 79 and 76 - only 4 strokes off by the end of the event.

Elizabeth Argall was the clear winner of the Low Net Award, shooting 85 and 85 which resulted in a low net score of 131.

Congratulations to all players. For full results - visit our leaderboard [here](#). Check out the Player Purse Summary - if you didn't win a low net prize, you might have won a skin!

Your amazing generosity raised a total of \$1475 for the Shelbourne Community Kitchen! Winners of the draw were;

\$400: Louise Kallhood

\$200: Marlies Russell

\$100: Afton Wright

Thank you as always to our organizers, Janice and Gwen. Also to Isabelle Simoneau who assisted at the registration on Sunday (and heard all the tales of woe from Saturday!) the pro shop, the restaurant and especially our ladies for making this a successful event. It seems that Cordova Bay is one of the clubs that has managed to pull off a Club Championships this year, while many other clubs have not. Kudos to our membership for their ongoing enthusiasm and participation!

RULES - Unplayable Lies

DIAGRAM 19.2: RELIEF OPTIONS FOR BALL UNPLAYABLE IN GENERAL AREA

A player may declare her ball unplayable anywhere on the course except in a penalty area.

Relief Options

1. Stroke-and-Distance Relief

The player may play from where the previous stroke was made. One penalty stroke.

2. Back-on-the-Line Relief

May drop the ball in an area based on a reference point going straight back from the hole through the spot of the original ball. One penalty stroke.

3. Lateral Relief

May drop the ball 2 club-lengths from the original ball not nearer the hole. One penalty stroke.

If you wish to take more than 2 club-lengths to get a playable spot, it will mean an additional penalty stroke for each 2 club-lengths.

We have covered relief options for an unplayable ball in a bunker previously but just to refresh: The 3 options listed above are available. But if a player wishes to take back-on-the-line relief *outside* the bunker, they must add 2 penalty strokes.

PENALTY AREAS

A little refresher for you!

As defined by the Local Rules for Cordova Bay. Creeks, ponds, and *all areas of the course where the turf is not mown* are considered penalty areas.

“Not Mown” is defined as all areas beyond the green, fairway, and primary rough cuts.

All areas behind the split rail fencing is considered penalty areas.

All penalty areas at Cordova Bay are to be treated as **red** with lateral relief available.

The drop zone on Hole 17 is for a ball in penalty area both in front of and behind the green. Drop a ball within 3 club-lengths of the drop zone sign (no closer to the hole).

RULES - Unfinished Rounds

SCORING AN UNFINISHED ROUND

How do you score an unfinished round of golf?

If 13 or more holes are played, a player must enter an 18-hole score. If 7-12 holes are played, she must post a 9-hole score. In either case, scores for the unplayed holes must be recorded as par for the hole plus any strokes the player would receive based on their handicap. (Called *net double bogey*)

For an example, a player has a handicap of 25 so on the 7 most difficult holes, she receives 2 strokes. If she stops playing for any reason after 13, her scores for the remaining holes would be posted as:

Hole 14 would be a 7...par 5 plus 2 strokes (#2 stroke hole)

Hole 15 would be a 5...par 4 plus 1 stroke (#12 stroke hole)

Hole 16 would be a 5...par 4 plus 1 stroke (#18 stroke hole)

Hole 17 would be a 4...par 3 plus 1 stroke (#14 stroke hole)

Hole 18 would be a 7...par 5 plus 2 strokes (#6 stroke hole)

How do you score an unfinished hole during a round of golf?

There are various circumstances that might result in a player starting a hole but not holing out. For example, when:

a hole has been conceded in match play

a player's partner already has a better score in a team setting so a player picks up

a player has already reached her net double bogey limit.

When a player starts a hole but does not hole out, she must record her **most likely score** or **net double bogey** (explained above), **whichever is lower**.

The most likely score is:

-the number of strokes already taken, plus

-the number of strokes she would most likely require to complete the hole.

Handicap Report

A short reminder to play by the Rules of Golf and post all scores to Golf Canada in a timely fashion to ensure an accurate handicap. This is helpful for keeping track of progress and running our club events throughout the year.

Players with handicaps that are not kept current will not be eligible for club competitions and prizing.

Not your normal day at the course ...

Who knew? ...

There were two gates to manage!

Neighbouring sheep took over the course on September 17th.
A short visit but a memorable one to say the least.

You knew he has a great knowledge of wine ...
but did you know he is skilled at herding sheep!
